### **Assignment Title: DIRECTOR OF INVESTMENT**

Financing Agreement reference: **2100150043943**

Project ID No.: **P-LR-HB0-003**

Reference No. **LR-YEIB-002**

Issue Date: **July 4, 2025**

End Date: **July 25, 2025**

### **1. INTRODUCTION**

The Government of Liberia has received funds from the African Development Bank (AfDB) and intends to apply part of the funds for the recruitment of a Director of Investment for the Liberian Youth Entrepreneurship and Investment Bank (YEIB) to be established. The Recruitment Committee hereby invites suitable candidates to indicate their interest for undertaking the aforementioned role.

### **2. BACKGROUND**

Liberia's youth entrepreneurship landscape faces several key challenges impeding the growth of youth entrepreneurship including: (1) a weak and highly fragmented early-stage business development ecosystem; (2) low-to-no access to finance for startups and MSMEs; (3) gaps in offering for startups and SMEs; and (4) difficulty in attracting investment (locally, regionally, and globally) for innovation<sup>1</sup>. To address market failures in the provision of financial and non-financial services, a Youth Entrepreneurship and Investment Bank (YEIB) will be established to provide financial and non-financial services to young entrepreneurs to start and build businesses.

The YEIB will aim to create dynamic ecosystem for youth entrepreneurship in Liberia by unlocking capital for youth, leveraging private sector investments, and offering technical support to address market gaps and capitalize on opportunities. Through this vision, the YEIB will aim to empower numerous young entrepreneurs, enabling them to establish, enhance, and expand their businesses while generating employment opportunities.

#### **2.1 The YEIB**

The YEIB will be registered and licensed as a non-bank non-deposit taking financial institution in Liberia. It will be set up as a parent company and will oversee the operations

of three funds, Investment Fund, Guarantee Fund and Technical Assistance Fund. The YEIB will aim to create dynamic ecosystem for youth entrepreneurship in Liberia by unlocking capital for youth, leveraging private sector investments, and offering technical support to address market gaps and capitalize on opportunities. Through this vision, the YEIB will aim to empower numerous young entrepreneurs, enabling them to establish, enhance, and expand their businesses while generating employment opportunities.

The three (3) core mandate of the YEIB include the following:

1. Management of an Investment Fund: This will involve deploying investments indirectly through impact, seed, and growth funds. Additionally, the YEIB may directly invest capital in promising MSMEs, including startups, with a focus on high growth potential.
2. Management of a Credit Guarantee Fund: The YEIB will raise and oversee a fund that provides credit guarantees to mitigate risks for financial institutions including banks and microfinance institutions, thus facilitating access to financing for youth-led businesses.
3. Provision of Technical Assistance and BDS Support: Through collaboration with third-party partners, the YEIB will offer technical assistance and business development support to young entrepreneurs, ensuring they have the necessary skills and resources to thrive.

## **2.2 The YEIB vehicles (SPVs):**

**YEIB Capacity building Trust (Private Foundation)** – It is the heart of the YEIB non-financial services. It will be established to (1) provide technical assistance to SMEs as part of effort to improve SMEs’ technical, financial and managerial abilities and enhance their bankability and their investment readiness. This use of resources represents the bulk of the activity. The vehicle will also (2) strengthen the selected YEIB delivery partners, both non-financial (i.e. BDS providers) and financial (i.e. the PFIs) in areas such as financial literacy, fragility, climate and gender mainstreaming, as a way to enhance their services beyond business incubator and investment readiness for the target youth-MSMEs.

**YEIB Investment Fund (LLC)** – The investment vehicle provides long-term (LT) finance to SMEs in the form of equity or quasi-equity instruments, to allow them to start, grow and scale their businesses locally, regionally, and internationally. This LT-finance fills a major gap while the capital market evolves to host a number of asset allocators, for which this vehicle is set up to supporting.

**YEIB Risk Sharing Mechanism (LLC)** – The role of the Risk Sharing Mechanism (RSM) is to mitigate the risk of lending to MSMEs in the Liberian market. From a demand-side the RSM also serves to alleviate the collateral burden to the borrowers. This de-risking mechanism aims to incentivize financial institutions to increase their portfolio of youth-led businesses, with a special treatment of women-led and green businesses.
