The Government of Liberia has received funds from the African Development Bank (AfDB) and intends to apply part of the funds for the recruitment of an Investment Specialist for the Liberian Youth Entrepreneurship and Investment Bank (YEIB) to be established. The Recruitment Committee hereby invites suitable candidates to indicate their interest for undertaking the aforementioned role.

2. BACKGROUND

Liberia's youth entrepreneurship landscape faces several key challenges impeding the growth of youth entrepreneurship including: (1) a weak and highly fragmented early-stage business development ecosystem; (2) low-to-no access to finance for startups and MSMEs; (3) gaps in offering for startups and SMEs; and (4) difficulty in attracting investment (locally, regionally, and globally) for innovation¹. To address market failures in the provision of financial and non-financial services, a Youth Entrepreneurship and Investment Bank (YEIB) will be established to provide financial and non-financial services to young entrepreneurs to start and build businesses.

The YEIB will aim to create dynamic ecosystem for youth entrepreneurship in Liberia by unlocking capital for youth, leveraging private sector investments, and offering technical support to address market gaps and capitalize on opportunities. Through this vision, the YEIB will aim to empower numerous young entrepreneurs, enabling them to establish, enhance, and expand their businesses while generating employment opportunities.

It will be set up as a parent company and will oversee the operations of three funds, Investment Fund, Guarantee Fund and Technical Assistance Fund.
